

11-13 JANUARY 2022

Hyatt Regency Crystal City

HEALTH AND SAFETY STATEMENT

Updated 12/28/2021

Plans for the 34th National Symposium are continuing to move forward as a **live and virtual** event. ***The health and safety steps outlined below are still in force.*** The only reason we would postpone the event would be if the Federal, State or County limited the size of gatherings. If this were to happen, we would not go totally virtual but would look for alternative dates in 2022 to hold a live event at the Hyatt.

**These requirements are for the Event Dates along with ALL set up and tear down times.
They apply to ALL the staff required to perform said duties.**

We are taking the following steps to ensure that we can all attend the 34th Annual SNA National Symposium held in January 2022 with a mind for a safe and healthy event in the face of rising COVID-19 variant cases.

To attend the live event everyone (no exceptions) must show proof of being **fully vaccinated** (booster shots optional) on or before 24 December 2021. Anyone who falls outside of this deadline can attend virtually. If someone registers to attend in person and fails to meet the vaccination proof criteria their registration will be converted to virtual attendance only.

Proof of vaccination will be required as part of the registration process.

This also applies to all labor and vendors working/participating in the event to include food & beverage staff, Encore AV staff and any other AV providers contracted or brought in by exhibitors, Freeman and any outside labor utilized on a daily basis by them for set up or tear down, all other non-preferred exhibit set-up companies and their associated daily labor, exhibit staff, Security and anyone else required to access below lobby level of the hotel. Vaccination proof will be required prior to gaining access to the hotel.

Masks will be required at all times unless actively eating or drinking.
